V10 Compact Bill Counter with Counterfeit Detection

V10 Compact Bill Counter Features Versatility is a tool that has always been in high demand. The market required the versatility of a transportable bill counter and the additional security conferred by a banknote detector. Having this in mind, we developed a compact size bill counter with an attached counterfeit detection module.

Standard Features:

- Counting function: up to 600 bills per minute
- UV, ultraviolet detection function
- MG, magnetic detection function
- White incandescent bulb for watermark verification
- Counting mechanism cover
- Works with 110/220V AC/DC adapter (supplied)
