Meant to solve all your coin counting and sorting needs. Convenient accessories for bagging your coins for bank deposits or for automatically inserting the correct number of coins in coin wrappers and tubes. This machine sells elsewhere for \$995 . Includes a 90 day warranty on parts and labor. This is the best machine on the market and is built for years of reliable service. Great for vending machine operators, pay phone operators, gameroom and pinball as well as retailers, schools, banks, casinos and restaurants. We have sold these machines to gas stations, theaters, charitable organizations, municipalities and many other businesses that handle coinage. It is accurate, convenient, versatile, reliable, quiet and attractive. In batch mode it can stop after a specific count and resume while keeping a total count running as well. If you need to count mixed coins and sort them you simply start by setting the dial for the largest coin. Then coins are counted and bagged in the front and all other smaller coins are sent to the reject chute. The you simply select the next larger coin and repeat the process until all are sorted and counted Works with Dollar coins, halves, quarters, nickels, dimes and pennies.
